# Letter from the President

Miranda Reeves

**H**i Everyone!

First off, I want to congratulate everyone for their wins at Premier! It was a interesting year with being at a new venue and we had a lot of new faces around the White Shepherd ring this year!

Secondly, I want to thank Scarlett for all of her work this past year. Her continued support of the club is much appreciated and I'm certainly looking forward to working with her with in the future. Also a huge welcome to our new treasurer, Susan McGrath!

The members that were present at this year's annual meeting were great for helping set some goals for the club this year. We need to continue to work towards parent club status in small steps. The club needs to expand the number of members we have over the next year. We need to get more people active in the club and we need to continue to host events and get the exposure that we need!

The planning for our 2011 all-breed show is well underway. It will be in Valparaiso in April again and we're looking into expanding the performance events that we have there.

Thank you to everyone for their support as I start my term as the new President of the United White Shepherd Club! I've been on the board for several years now and I'm certainly looking forward to working with everyone for another term. For those who don't know me - I live in Valparaiso, Indiana. My house is ruled by three White Shepherds, Adonis, Tater, and Willow, my lab Alda, and my pug Monique!

Everyone enjoy the few summer months we have left!

Miranda Reeves

**H**ello White Shepherd Family!!

I want to congratulate everyone that won at Premier. I heard that it was a great success and it couldn't have been successful without all the volunteers and exhibitors. Great Job!

Where has our summer gone to? It feels like just yesterday I was teaching Dax how to swim and now I can't keep him out! It is like he was born a fish in a dog's body. This summer has been a wonderful experience getting to know everyone in our club via the yahoo group and Facebook. The pictures and stories we share just validates how great the White Shepherds are. I am honored and blessed to say I have one as a part of my family. I am also honored to consider everyone one of you as friends.

Thank you to everyone who has contributed to this issue. Without you and your furbabies there would be no issue.

Ala and Dax

# Angel Saves Her Daddy's Life

I got an email from my friend Dave. Dave has two pups from Zehra's first litter; Brutus and Angel.

On Sunday June 27, 2010, Dave was saved by his White Shepherd...

Dave and his friend walked down to the horses and was standing there talking and looking at the horses. Dave all of a sudden hears Angel barking her head off. He turns around and looks. Here comes Angel racing down the hill along side the friend's truck barking her head off. The truck was rolling down hill and heading right for them. Dave and his friend jumped out of the way and the truck ran into a tree. Dave said it was heading straight for them and they didn't even hear it coming. Dave said, "If Angel hadn't started barking her head off, it would have hit both of them."

Dave said that Angel has always been a smart dog; but how did she know to warn like that? Angel has never barked at any trucks on the farm, but she was frantically barking at this one. Angel just knew that this truck should not be rolling down hill towards them. If Dave had not turned to see why she was barking it would have been tragic.

Dave has always said that Brutus and Angel were two of the smartest dogs he has ever owned. Angel was rewarded with a steak dinner that night.

I am so proud of my sweet girl. She saved their lives!!

HAPPY 7TH BIRTHDAY TO MY DEAR SWEET RUGER!!!!

from Cathy Wasman

Most of you do not know my friend Nancy Harkness. (Some of you remember her as a friendly lady who came to see the 2007 AWSA National in Fowlerville and purchased tons of raffle tickets and won the coffee maker. LOL)

Nancy's White Shepherd Shatz was euthanized at MSU this afternoon. She will be necropsied.

This is Shatz.

She appears to be a happy WS we are accustomed to seeing right? Well...

Shatz spent first 3 years of her life chained as a guard dog. No one showed her love or kindness. Her owner beat her regularly to make her "mean" and more "aggressive".

When she was finally rescued, no one could touch her because of her severe aggression issues (She was a BITER). Considering what she had been through, it was inevitable. However Nancy with her huge heart, never gave up on her. With her love and patience she worked on Shatz' issues and taught her that "Not all people are bad". And taught Shatz that there were wonderful things in life, like "car ride" "walk" "treats" "toys" "Dog park" and "beach"... you got the picture. Nancy was determined to make up for the horrible first 3 years of her life by making the rest of her life the best any dog could have.

Eventually Nancy got through and she was able to bring a sweet, loving and playful true self out of this beautiful girl. Shatz even became a therapy dog and made regular therapy visits to high-risk teenagers through a community outreach program she organized!

When Shatz was diagnosed with Degenerative Myelopathy, Nancy agreed to have Shatz's necropsy done for the WSGP. I know it was not an easy decision but she decided to honor Shatz' memory by contributing to the betterment of our dogs.

# Who needs a babysitter !?!

Hey there! I just had to share how amazing our white shepherds are!!!! Ever since we brought Ella home (who is now just over 3 months, which I can't believe) Porter has found himself a new job, full time "big brother" ;0). Porter will be 2 in November and I just have to say he is AMAZING with Ella! Yes, of course he still has his puppy tendencies and wants to put his toys on her to play with and doesn't always watch where he goes, which is why I am there of course.

Although he does have those puppy tendencies still, he does pay attention more closely and is more mindful of what he is doing when he is around her, it is so cool to see.

I am really just so amazed by him and how he is ALWAYS right by her. As soon as I put her on the ground he is right there by her side, which you can clearly tell in these pictures!! I promise I did not stage any of these pictures, Porter just loves his baby sister and wants to be right by her all the time!!! He is too funny.

I wanted to share this just in case any of you have any doubts about placing a WS pup with a family that has small children, please do not doubt our breed, they are WONDERFUL with kids, even the smallest of them. I cherish the moments I see Porter loving and laying by Ella. She already has a best bud and she doesn't even know it!!! Well, I am sure she does b/c he gives her big kisses all the time.

Tara, Ella, and Porter

## PURINA WALK OF CHAMPIONS PAVES THE WAY TO A HEALTHIER FUTURE FOR DOGS

The Purina Walk of Champions leading to the new Purina Event Center is made up of about 4,000 bricks. Owners who buy bricks in their dogs' honor help support the Canine Health Foundation.

A brick walkway honoring dogs that have earned titles in any canine sport will pave the way to the new Purina Event Center and also help support the Canine Health Foundation.

The Purina Walk of Champions contains about 4,000 bricks leading to the entrance of the world-class, multimillion-dollar indoor facility, which opens this fall at Purina Farms in Gray Summit, Mo. The Event Center will host all-breed dog shows, national specialties, agility and obedience trials.

“The engraved brick pavers that make up the Purina Walk of Champions are a wonderful way to pay tribute to a special dog,” said Cindy Vogels, chairwoman of the Canine Health Foundation. “The gesture extends not only to your own dogs but to dogs everywhere through support of canine health research.”

Owners may purchase bricks in their dogs' honor by providing \$100, of which \$70 is a tax-deductible donation, to the Canine Health Foundation. The largest nonprofit organization that funds health research exclusively for canines, the Canine Health Foundation has awarded nearly \$24 million since 1995 to support canine health research at veterinary schools and research institutions worldwide.

Ann Viklund, Purina Director of Conformation, Sporting and Breeder Marketing, said, “We are pleased to offer this opportunity to the dog fancy. The Walk of Champions will be noticed by all who visit the Purina Event Center. It provides a way of commemorating special dogs forever.”

Since 1997, Purina and the Canine Health Foundation have worked together to support canine health studies that will benefit dogs and those who love them. Many groundbreaking discoveries and collaborations have taken place in many areas of canine health and genetics because of the liaison.

For information about purchasing a brick on the Purina Walk of Champions, please visit <http://support.caninehealthfoundation.org/bricks>. You may also contact Erica Kitchen, Director of Development, Canine Health Foundation, at 888-682-9696 or [enk@caninehealthfoundation.org](mailto:enk@caninehealthfoundation.org).

## PURINA WALK OF CHAMPIONS PAVES THE WAY TO A HEALTHIER FUTURE FOR DOGS (CONTINUE)

A grand opening for the 84,000-square-foot Purina Event Center is planned for August. The custom-made facility offers numerous amenities, including a 45,000-square-foot main exhibition hall with special padded flooring, a 13,500-square-foot benching and grooming area, and a dog bathing room with stainless-steel tubs and skid-resistant coated concrete flooring.

Other features are the first-floor Checkers Café and a second-floor conference room that overlooks the competition area below. A nearby service center building will provide an examination room for health clinics, two additional stainless-steel dog bathing tubs, restrooms with showers, and a kitchenette that is handy to an outside pavilion. Full-service recreational vehicle hookups and free parking are available as well.

A longtime supporter of the dog fancy, Purina has hosted outdoor dog shows and sporting events at Purina Farms for 15 years. The Event Center will complement existing venues for outdoor dog shows, lure coursing, agility, obedience, herding, and earthdog trials. Purina Farms is located about one hour from downtown St. Louis and the Lambert-St. Louis International Airport .

“We are proud to offer this state-of-the-art facility to the dog fancy to hold their events,” said Brock Fitzgerald, Director of Purina Farms. “We have always worked hard to ensure that clubs had everything they need for the best event possible. Now, with the new Purina Event Center , we are taking dog shows to a new level.”

For information about the Purina Event Center , please visit

# Personality grows....

Personality grows .... I am sure of that. Spirit was a character from the day I got him, but now, oh my gosh he has enough personality for ten dogs and he is so opinionated!

This morning I had a few left-overs to use, so I fixed an omelet for me and also some for the dogs. Mine had mushrooms, Pico de Gallo, 1 chicken sausage and an egg - yum. That is not the story here though. I feed my guys Timberwolf Organics kibble, so their meals are well balanced. I would not really need to add anything to their meals, but in the interest of spoiling them completely rotten, I usually add some extras. I mixed a couple scrambled eggs with diced asparagus, a little broccoli, a half banana, and a little grated cheese (very little). Spirit does not care much for cheese. The only cheese he seems to enjoy is Swiss, and only if it is room temp. The other guys love cheese.

Spirit likes to wait until everyone else has finished their breakfast before he eats. I suspect it is so that they can want his breakfast. Anyway, I was cleaning up the kitchen and heard some strange food dish sounds coming from the laundry room. Pirate and Quest were finished, so I peeked around the corner at Spirit. He was standing at his dish, picking up little bites and tossing them up and against the sides of the dish. He seemed to be trying to dislodge the grated cheese. I guess it proved hopeless because he eventually ate his breakfast, grated cheese and all. I have actually seen him separate items he is not fond of eating. He does not like diced carrots and peas - only fresh ones. He is able to clean a dish leaving only a few carrot chunks and peas, licked clean.

All the dogs eat in the laundry room with no problems. They each have their corner of the room. Everyone is very good and honorable about each other's dish, until they are finished. When they are finished, even if there is a little left, they somehow manage to convey that to each other and then dish swapping can take place without any disagreements.

Quest just cleans his plate and leaves no doubt when he is finished. Spirit sometimes leaves a little, but he usually hangs around in the laundry room if it is something he wants to go back to. Pirate likes to eat most of his and then see how everyone else is doing before he goes back to finish his. When Pirate heads back to his dish, if Spirit is in the laundry room guarding his own left over meal, he sometimes intimidates Pirate from going to his dish. He gives him the "silent snarl" or sometimes growls. Pirate does not really believe Spirit will hurt him, (and he won't), but he does not like walking the gauntlet between the doorway and his dish, with Growley-pants threatening him. I usually tell Spirit to knock it off and he does.

Last night Pirate was attempting to go back to finish up his dinner when Spirit was being bratty again. Pirate immediately left the room and went to his toy basket. He picked up a huge (12" diameter) soft, fuzzy ball. He headed for the laundry room and held that ball between him and Spirit. When he got to the dish he put the ball down and finished his dinner. I don't know if he was considering it to be cushioning or not, but it did seem to make him feel safer.

Gosh it has been hot. I have been bringing Guido the bunny inside during the afternoons, as it is so hot outside. The dogs like to have him inside and he enjoys their company too. Getting close to afternoon swim time.

Betty Tanner

"Gentle Ben" was rescued from abuse in Florida last spring. Scarlett Sanders nursed him back to health and fostered him for several months.

In September Ruthann adopted him, traveled almost 2800 miles round trip to get him, and brought him back to his new home in Upstate New York.

People say that Ben has "hit the jackpot." He does enjoy a wonderful, happy life now, and he gives a great deal of love and laughs in return. And he loves to play "hide my face" in our snow up here! ☺

## Best Water Fun

**Entry #27**  
**Betty Tanner**

Winner: #7 (This shot has nice tight cropping, and the water is frozen in mid-air.) Honorable Mention: #4 (This shot would have been the sure winner if I could have seen more of the dog's front side, and maybe just a little less of the trees and grass. It shows great action, with the dog frozen in air over the pool.)

Winner: #27 (This dog is obviously having fun. The shot is cropped close enough to just show just the subject and activity.) Honorable Mention: #19 (I like this shot both as water fun and action. Ideally, I'd like to eliminate the building to the left and just show the dog -- and that cute little rubber duck.)

## Best Playtime Fun

**Entry #36**  
**Lena Ralston**

Winner #36 (This was probably my favorite shot of all. Two cute puppies, tightly cropped, and you can tell from the little waves that the one on the left has just poked the toy to see what it is.) Honorable Mention: #43 (These puppies know just where to go for a little liquid refreshment after romping and chasing around.)

**Judges Comments...** It was sure not easy picking just three pictures as winners for these categories, especially given so many great shots -- and much of the action involving water fun this time of year. So for each category I've included my choices for "Winner" and "Honorable Mention", and a comment or two on what I was possibly thinking. Congratulations to All!
